# MESSAGE FROM THE PRESIDENT, HVPS DR. RAJENDRA SINGH

Achieving excellence in learning and practicing law to serve the nation is the motto of our institution. To promote legal education and mold students to become ethical and successful advocates, the college focuses on its vision, mission, and goals that empower students to uphold justice and freedom. With a congenial environment and architecture that is conducive to legal education and professional development, the college helps the students to set the stage for and face the legal world with prowess and confidence.

# MESSAGE FROM THE DIRECTOR, HVPS DR. USHA MUKUNDAN

By offering quality legal education, the college equips students with the expertise required to succeed and build confidence to meet the challenges in the legal profession. Through continued efforts, we strive to instill a professional outlook and a sense of loyalty to serve the society. As we look forward to continuous growth and excellence in legal education, we hope to take the institution to more significant and newer heights.

# A WORD FROM PRINCIPAL

**“THE FUTURE DEPENDS ON WHAT YOU DO TODAY.”**

**-MAHATMA GANDHI**

Success is often measured by what is seen, but its foundation lies in what is not – effort, patience, persistence, and practice. Turning an idea into reality means embracing not just the goal but the journey that shapes it. In today’s competitive world, standing out requires more than academic excellence; it demands character, resilience, and the courage to go beyond the ordinary.

At HVPS College of Law, we believe in preparing students not just for exams, but for life. Our focus on career readiness is reflected in the diverse learning opportunities we provide – from webinars and certificate courses on communication, ethics, and environmental awareness, to strengthening their understanding of the Constitution and legal system. These experiences build confidence, reduce fear, and prepare students to face the world with purpose.

True growth lies in the balance of knowledge and self-development. And by nurturing that balance today, we help our students create a future worth striving for.
